Welcome to Holy Family Cathedral Preschool. The Preschool Staff is looking forward to an exciting and rewarding year with your child.

We recognize that you are your child's first teacher. Working together we will provide your child with a quality education at Holy Family Cathedral Preschool. We recognize that each child is a unique creation of God with abilities to be developed and shared. Here, at Holy Family Preschool, children learn about God's world through programs that stress Catholic values and promote self-worth, respect, responsibility, independence and leadership.

It is the purpose of a preschool to complement the family in providing the environment and means for social, emotional, intellectual, physical, creative, and spiritual growth. The program will provide the child with a loving, Catholic atmosphere in which to grow and develop. A planned program of learning experiences is based on knowledge of the common characteristics and needs of the preschool child. The curriculum is developed around the unique personality and learning style of each child.

Please indicate the program in which you are applying.
